To whom it may concern:

In 2015, CRIF Sp. z o.o. decided to engage PDP Group in order to audit the company and verify the compliancy in relation to Personal Data Protection Law.

PDP Group was chosen due to the significant experience of its consultants during their career in GODO.

The audit activity was performed in a very short time and the outcome was a very detailed report assessing the gaps and indicating how to fill them.

For this reason, CRIF Sp. z o.o. decided to extend the cooperation with PDP Group, assigning them the position of PDP Officer.

We recognize it was a good decision as PDP Group provided CRIF Sp. z o.o. with an excellent service and very comprehensive support in the pdp area.

Sincerely,

Enrico Caruso
